LIVE STOCK MARKET. NEW-YORK, Monday, April 30, 1889.

Good to Prime Steers sold one year ago at \$5 10 355 40, and the average was estimated at \$5 00.

REVIEW OP THE WEEK—The offerings of Beeves on Wednesday were light and prices advanced 10c per 100 h; but the advance was barely maintained on Friday, when with 45 cars to sell the market closed dull and weak and 5 cars were carried over. The heavy receipts at Chicago for three successive days caused a depressed feeling at the finish.

British markets partially recovered from the demoralized condition of last week, and Refrigerated Beef advanced to 41-4d, and American Live Cattle sold up to 51-2x5-7-8d, estimated dread weight. Calves improved fully 1-4e per h on Wednesday, but were lower again on Thursday, closing fairly steady on Friday for all grades with Good stock firm.

The upward tendency in Sheep and Lambs continued until Friday, when a weaker feeling prevailed and the market closed 1-821-4c lower, and the market was dull on Saturday at a still further decline of fully 1-8e per h. On heavy receipts at Western distributing points and more liberal arrivals here. City Dressed declined 1-4c per h, and Live Hogs were quoted 1-4x3-8c lower at the close.

BEEVES-Receipts yesterday and to-day were 220

BEEVES—Receipts yesterday and to-day were 226 carloads of 3,999 head-52 cars at 60th-st., all consigned direct; 12 cars at 40th-st. for J. Stern; 40 cars direct to East Side and Williamsburg slaughterers, and 122 cars at Jersey City, all for sale with the exception of 7 cars reserved by Mr. Goldsmith.

The supply exceeded the demand and included a larger proportion of good, fat, heavy Cattle than have been seen in the yards for some time. The market opened dull and heavy at a decline of 1021bc, and closing sales were fully 20e lower than Friday. Some sellers estimated the market, quality considered, 25230c off from last Wednesday. Nearly 30 carloads were to sell at a late hour.

Three cars of corn-fed Colorado Cattle sold at \$4 52 1.2; Common to Choice Native do at \$4 25235 20, with the bulk of the sales at \$4 35285. A few Old Oxen sold at \$4 15284 60; Bulls at \$2 50283 85, and at retail up to \$4454 20; Dry Cows at \$2 95243 10, and 4 Heifers at \$4 455.

For the week ending Tuesday, May 1, 1888.

Receipts for week: Beans, 494 pkgs.; pens, 1.650
bush.; Exports, Beans, 433 pkgs.; Pens 1.850 bush.

Imports, 6.998 bags beans. At the lower prices quoted
of late exporters have taken a fair quantity of State
Marrow beans, and the reduced stock in store, coupled
with light receipts, tends to strengthen the position a
little; must be very choice, however, to command \$2 05.

Medium and Pea are a shade easier and very quiet.
White Kidney lower and dull. Red Kidney in only medcrate demand, but held about steady. Turtle Soup offered
lower without attracting a demand. California Lima
selling fairly. Frime hand picked foreign beans are
steadler, but off grades are still neglected and weak.

Receipts for week, 9,408 pkgs. Exports, 11,853 pkgs. Prices have declined fully 1.2c on new State Chesse, and srippers are taking hid slowly. The supply is increasing quite rapidly; nearly 6,000 boxes arrived during the week just closing, and indications point to receipts of double that amount the coming week. Sales to-day were at 10 3.4811c for best full cream white. Colored remains so scarce that prices are still uncertain, but it looks like 10210 1.4c for fine parceis. Little Palis part skims range from 686c, and Chenargo County skims from 387 1.2c, as to condition and show of meat. Nearly all of the Utica and Little Falis cheese, and all but one of the Western combination factories come forward this week on commission. Pennsylvania skims held about steady, but are quiet. Old Stud cheese has worked down to a point which relieves holders of much anxiety about the remaining stock. Exporters have taken several good size lots, and a large amount was shipped abroad on consignment. Liverpool cable: 60s. for white, 54s. 6d.

Southern are now showing quite irregular quality, and are out of favor. Duck and goose eggs very ault and irregular; they must be choice and packed separately to reach outside quotations; when mixed with hen eggs they are especially dull and offered at weak prices.

Receipts for week 2,083 pigs. Exports dried apples 1,001 pigs. By dropping prices a little lower buyers have taken hold of ovaporated apples better, and the freer movement has given the market a little steadier tone. Most of the business has been dond at 6 3-467 for prime, 7 1-2c, occasionally 8c, for choice and 8 1-229c for fancy. Sun-dried apples so nearly out of stock that firm prices are obtained on the few sales making. Chops steady. Cores and skins dull. Evaporated peaches weak. Sun-dried steady because of light offerings. Not much doing in small fruits. PRUITS AND BRRRIES-DRIES.

Receipts for week 1,535 bales. Exports 28 bales. Imports 60 bales. A light trade is passing, but the market shows no change of a quotable character. Exporters can find but few hope of the quality wanted abroad, brewers are still annoyed with the strikes and boycotts and can hardly be induced to look at samples, and dealers' wants are very small.

FOULTRY AND GAME.

Live spring chickens are showing considerable increase, and the market is closing weaker; 35c is an outside price for choice; large and small chickens go down to 25c and are duli at that. Fowls are not plenty and hold up very weil. Western selling at 132/31 12c and Southern at 12 122/13c. Turkeys steady. Ducks and geese so poor that low prices have to be accepted; prime stock if here would exceed quotations. Pigeons wanted.

Western Jerssed fowls advanced to 14c last Wednesday, and a few sales were male even higher; but the high prices cut the demand materially, and, while arrivals have continued very moderate, prices have since favored the buyer, closing barely steady at 12 122/13c for dry picked and 122/12 1.2c for scalded. Fresh turkeys very irregular; choice small hens sell fairly, but very few such arrive. Philadelphia spring chickens are more plenty at the close and prices rule easier. Capons scarce and choice lots held firmly; squabs scarce and higher. From poultry is ruling quieter, but prices are held about steady.

Further excessive receipts of British potatoes have overstocked the market, and the lateness of the season and near approach of warm weather make a strong pressure to seil. The demand is very quiet and confined closely to finest gradea, and prices rule lower, weak and irregular. A large supply of Nova Scotta Burbank here in schooners is urgently offered, and moving very slowly at about 82 per bbl., only small tots of very choice going any higher. State Burbank not plenty, but selling very slowly. Fancy Maine and N. B. Rose are in moderate supply and about steady, but all medium and common qualities drug and are nominal in price. Bermuda new potatoes are selling better at a slight decline. Florida new sell well when of choice quality and well culled, but the receipts vary widely in quality. Bermuda onions selling a little less freely this week, and prices are off about 26c, per cate; larger lots of Egyptian arriving and selling fairly at \$3.75 per 2-bush, case. Asparagus is in larger supply, the warm weather having started shipments from near-by points; prices lower and tregular. Choice fresh Baitimore kieles sells well, closing at 75c, per bbl. Baitimore spinach is mostly wet and slack measure, and drags at \$2.082.50; fine, heavy, packed stock from Norfolk commands \$3.548.35 and sometimes \$4. Radishes plentier and lower. Charleston and Savannah green pens are of very irregular quality; a few choice Marrow reach &1.256. \$1.50, but small sell from \$1.25 down to 50c. N. C. peas are more plenty and lower. Southern cabbages are mostly of common to fair quality and selling slowly from \$2.50 to require plant in the some very small and poor stock at lower prices. Really fancy large and green stock commands a premium, and some fancy Charleston marks are placed up to \$2.50 per bbl., with some very small and poor stock at lower prices. THE PETROLEUM MARKET NEWS FROM THE FIELD AND RANGE OF PRICES.

NEWS FROM THE FIELD AND RANGE OF PRICES. Yesterday's trading in National Transit certificates was light, and without much significance. Prices improved only little upon the higher basis of Monday, but firmness was sustained for a while by the favorable character of the monthly report for April of "The Oil City Derrick," which showed a decided failing off in new production and a diminution of development work. This result, however, was what had been expected by most members of the trade and the new influence for speculators to provide against is the incoming of several wells in the Washington region which promise to be of some importance. With these to confront, the bulls are caulious buyers while the market remains as narrow as it now is, and the bears, having to lose all carrying are caulious buyers while the market remains as narrow
as it now is, and the bears, having to lose all carrying
charges on sales, or even to pay a small premium for the
use of borrowed certificates, prefer to make their work
effective when temporary bad news induces traders to
realize or sell out. There was no decided news from the
oil country yesterday, but what was received late was
enough to suggest the possibility of some additions to the
current supply. It served as the cue for an attack in the
last hour which carried prices down to 86 1.8 cents, and
which closed the market at its lowest points. The
Washington Fergus pool, wells now due ought to be large Washington Fergus pool wells now due ought to be large ones, but they will drain others in existence in all probability, and will hardly count in any sustained output of oil. The Cannonsburg wells have more of a virgin character, but the chances are against their reaching important dimensions. The speculation is unchanged in character from last week, and there is likely to be freez purchases on any reaction, barring field developments not expected in the line indicated above. The market closed apparently weak, but with no pressure of sales

from important quarters.

GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

There was considerable irregularity in the grain makets yesterday and a weaker feeling prevailed, due to more favorable reports of weather in the crop districts and the absence of a sustained expert demand. Shippers took only 32,000 bushels of wheat and the spot market was weak, while 12,000 bushels of corn were taken on a break of 1-221 cent. The transactions in wheat options showed a alight increase, 5,000,000 bushels being dealt in. Ast the opening some easiness was shown, but prices were bid up 1-225-8 cent by the buils. The reports of an improving Wastern outlook and predictions of heavier receipts soon caused another downward movement, which left final figures 1-228-8 cent under Monday's close as follows: May, 94: June, 93 1-4; July, 93:1-8; August, 92:1-2; September, 92:3-4; December, 94:7-8 cents. Corn options opened 1-8 21-4 cent better, but later yielded in sympathy with wheat and at the end were off 1-4 cent at 54 for May, 02:1-2 for June, 62:5-8 for July, 62:3-4 for August and September and 63 cents for October. Oats were devoid of feature and FEATURES OF NEW-YORK DEALINGS.

June, 62 5-8 for July, 62 3-4 for August and September and 63 cents for October. Oats were devoid of feature and the options closed down 1-4 cent at 37 1-2 for May, 38 1-8 for June and 38 3-8 cents for July. There were saics of 600 tierces of lard in the spot, but whether it was for export or not is doubtful. The options were firmer, with May rising 6 points to \$8 23 and the other montas 182 points as follows: June, 88 20; July, \$8 23; August, 88 26; September, \$8 29; October, \$8 30.

The receipts of grain and flour reported yesterday at New-York, Philadelphis, Baltimore and Boston were as follows: Wheat, 7,383 bushels; corn, 102,445 bushels; cost, 14,469 bushels; total grain, 257,287 bushels; flour, 57,207 packages. At Chicago, Milwaukee and St. Louis the arrivals were: Wheat, 69,037 bushels; corn, 205,700 bushels; cats, 240,761 bushels; total grain, 605,498 bushels; 60x, 45,234 barrels. els; flour, 45,234 barrels.

THE TRADE IN CHICAGO.

Chicago, May I (Special).—The deliveries of wheat were, for the first day of May, the smallest and least agnificant in ten years. The corn was taken in principally by Foss, Strong & Co., and this was the thing of chief interest. But they got, of the several million bushels due them, only a few hundred thousand. Wheat opened strong at 84 cents for July. Cables were strong and the weather—very cold—almost freering in Minnespia. These were the influences under which the wheat pit started. Almost at once, however, there began considerable selling for May, which had the effect to quickly depress the price. In the aftermoon the market was got quite on the run, and the close was at the bottom for the day. The July option, which opened at 84 cents and which sold between 84 1-3 and 83 1-4 cents, closed at 83 1-4 cents. The receipts of corn in the morning were 498 cars. The estimates for Wednesday are 293 cars. The opening was strong on the news from the delivery-room that Foss, THE TRADE IN CHICAGO. timates for Wednesday are 293 cars. The opening was strong on the news from the delivery-room that Foss, Strong & Co. had taken all the cash corn. May started at 56 1-2 cents. There were, however, very soon plenty sellers for May. From 56 1-2, May sold to 55 5-8 cents, where it closed. There were very few oats going around at the delivery hour, proof, the crowd thought, that the small cash stock here was tied up. This made the opening strong at 33 cents for May. The range was between 33 and 32 3-3, the close being at 32 5-8 cents. The Fowlers were sellers of pork whenever there were buyers, and the English crowd sellers of lard.
